Re: Ground Water Permit No. G3-29538

Dear Mr. Lemire:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

According to your request, your project cannot be put to full beneficial use due to an unexpected health diagnosis. Within the next year, you propose to repair several valve problems and hire someone to physically operate the system. It appears you have made substantial goals in completing your project and putting water to use. Your requested extension is a reasonably short period of time. We will grant you an additional year to put water to full beneficial use.

The new deadline to submit your *Proof of Appropriation of Water* is April 1, 2012.
